

Poker770 – Great victory at the Spanish Poker Championships

2nd February 2010 – **Poker770** is proud and happy to congratulate one of its loyal players, Javier Piazuelo, who has just won a magnificent 2nd place in the inaugural stage of the CEP – (Spanish Poker Championships). The tournament was held in the famous ‘Castell’ casino in Peralada last weekend and attracted a record number of participants with 367 players, 145 more than last year’s 204. Once again, this demonstrates the boom in poker in Catalonia.

After a gripping tournament, finishing with a one-to-one final between René Marciano and Javier Piazuelo, these last two players shared the two first prizes and it was Marciano who took the 1st place with €45,000, while Javier Piazuelo finished 2nd with winnings of €35,000.

Javier Piazuelo, a loyal player, playing regularly on Poker770, had the kindness of wearing the poker room colours throughout the Spanish tournament. He defended them with brilliance and did them honour. Congratulations and a big thank you to him on behalf of the whole site’s team.
