

## **Poker770 celebrates Guillaume Darcourt's 2nd exploit**

London – July 12<sup>th</sup>, 2010 - After Vanessa Hellebuyck and her first WSOP bracelet on the Ladies tournament, Poker770 has a lot to celebrate this year with one more champion for its famous Team770. Guillaume Darcourt, aka “The Killer”, got the 3rd place at the Triple Chance No Limit Hold’em tournament. Already champion this year at the WPT Bucharest, Darcourt missed a double, but he played splendidly and rightly deserves his fantastic \$223.459 reward.

It is a second magnificent performance which France celebrates with the Team770 of Poker770, Vanessa Hellebuyck's bracelet being the fifth won by a French player during the WSOP. Guillaume Darcourt goes up on the podium to the 3rd place and realizes the highest winnings of the French players, during this season.

This year seems to be a great year for Guillaume Darcourt, who is actually playing at the WPT Bellagio Cup VI. The Frenchman is the field’s chipleader of Day 1 where 243 players took part. Who knows, if he continues this way he could really double his WPT title in the same year. Since long a leading member of the famous Team770, Darcourt is known as one of the best French poker professional player. He began as a poker amateur at Poker770’s site where the team’s official took note of his performances and invited him to integrate into the team. He loves to play online with other members of his poker site and takes part to most of the biggest poker tournaments all over the world.

The Team770’s making-up is more than positive, it is clearly fantastic, but it has nothing very surprising because Poker770 already has a well-known reputation of talent-spotter. Team770 is on the roll and who knows, Main Event is coming next and the supreme title has to be conquered, so everything is still possible!
