An 8th player joins Team770

France, 24th September 2008 – Poker 770, a top online poker and casino games provider, has just announced the arrival of a new player to Team770. His name is Tristan Clémenton aka Superroger47.

This 18 year old Frenchman is already a poker pro and recently won \$55,000 Partouche Poker Tour which took place at Palm Beach casino in Cannes. Tristan Clémenton is an online poker player who was discovered in March 2008 by the Team770 pros during the Irish Open. Poker770 and Team770 saw that Tristan was regularly qualifying for tournaments through Poker770 and most of all that he was often finishing in the top 10 players. After meeting the Team770 players in person, Tristan quickly got on well with them and soon after joined the ‘magnificent 7’ players, which includes Fabien Barthez, Jérôme Alonso and Lise Vigezzi. Team770 trains players in a poker school in Brazil and the team plays heads up games on Poker770 each week.
